

ROHAN SIRIPURAPU

Markapur, Andhra Pradesh | 6305868325 | rohansiripurapu88@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Computer Science undergraduate (Information Technology, CGPA 8.05/10) with hands-on full-stack development experience in Java, Spring Boot, JavaScript, and relational databases, built through two Infosys SpringBoard internships and independent projects. Strong foundation in object-oriented design, problem solving, and CRM-style application development (job platforms, matching/search logic), with a security-conscious mindset.

EDUCATION

Mohan Babu University <i>Bachelor of Technology in Computer Science (Information Technology) CGPA: 8.05 / 10.0</i>	2024 – 2028
Sri Sadhana Jr College <i>Intermediate (MPC) 66.6%</i>	2022 – 2024
G.M.R High School <i>10th Standard 82.6%</i>	2020 – 2021

TECHNICAL SKILLS

Programming Languages: Java, Python

Web Technologies: HTML5, CSS3, JavaScript, Spring Boot, React.js, Node.js

Database Management: MySQL, MongoDB

Tools & Platforms: Git, VS Code, AWS

Core Strengths: Object-Oriented Design, REST API Development, Data Modeling, Problem Solving, Team Collaboration

INTERNSHIP EXPERIENCE

Full Stack Developer Intern — TripNest Project <i>Infosys SpringBoard Remote</i>	08/2026 – Present
--	-------------------

- Building TripNest, an ongoing full-stack travel planning and booking web application, as part of a structured Infosys SpringBoard internship.
- Designing backend services and REST APIs in Spring Boot with MySQL, implementing trip itinerary and booking workflows using OOP design principles.
- Collaborating with a project team using Git for version control and iterative, sprint-style delivery.

Full Stack Developer Intern — Lost & Found Project <i>Infosys SpringBoard Remote</i>	10/2025 – 12/2025
--	-------------------

- Developed a Lost & Found web application enabling students to report and track lost items across campus.
- Implemented backend item-matching logic in Spring Boot to improve search efficiency and retrieval accuracy.
- Worked across the full stack (Spring Boot, MySQL, HTML/CSS/JavaScript) and collaborated in a 4-person team to deliver the project on schedule.

PROJECTS

OpusLink — Web-Based Job Platform <i>HTML5, CSS3, JavaScript, Spring Boot, MySQL GitHub: OpusLink</i>	08/2025 – 11/2025
---	-------------------

- Built a full-stack job portal connecting employers and job seekers, including job posting and application management.
- Developed backend REST APIs with Spring Boot and integrated a MySQL database for structured data storage.
- Designed a responsive UI to support an efficient posting-to-application workflow.

Lost & Found Item Tracker <i>HTML5, CSS3, JavaScript, Spring Boot, MySQL GitHub: Lost & Found Items</i>	11/2025 – 02/2026
---	-------------------

- Developed a web platform to report and track lost items across campuses.
- Implemented backend logic for efficient item matching and retrieval.
- Designed a relational database schema to manage users and item records.

ACHIEVEMENTS & ACTIVITIES

- “Maintaining a 8.05 CGPA” in B.Tech Information Technology; completed two Full Stack Development internships (TripNest, Lost & Found) at Infosys SpringBoard.
- Participated in multiple technical workshops and hackathons, gaining exposure to real-world problem solving and collaborative development.
- Languages known: Telugu, English, Hindi.
